circumflex branch of left coronary artery
small cardiac vein
coronary sinus
bundle of His
atrioventricular node
capillary
venule
right coronary artery
Homo sapiens
cardiac atrium fibroblast
cardiac ventricle fibroblast
endothelial cell of artery
heart valve cell
smooth muscle cell of the coronary artery
Schwann cell
dendritic cell, human
lymphocyte
macrophage
cardiac pacemaker cell of sinoatrial node
epicardial adipocyte
part_of
epicardium
has_part
mesothelial cell
part_of
pulmonary valve
rdfs:subClassOf
atrioventricular region
part_of
tricuspid valve
rdfs:subClassOf
cardial valve
rdfs:subClassOf
fat cell
has_part
mitral valve
rdfs:subClassOf
heart right ventricle
part_of
part_of
aortic valve
part_of
heart
heart left ventricle
part_of
part_of
right ventricle myocardium
part_of
left cardiac atrium
part_of
interventricular septum
has_part
has_part
part_of
left ventricle myocardium
cardiac muscle cell
right cardiac atrium
has_part
part_of
has_part
part_of
sinoatrial node
great vein of heart
has_part
blood vessel endothelial cell
has_part
middle cardiac vein
part_of
vasculature
has_part
fibroblast
vascular associated smooth muscle cell
part_of
has_part
cardiac endothelial cell
