placental villus capillary endothelial cell
Hofbauer cell
fibroblast of villous mesenchyme
chorionic terminal villous capillary
chorionic villous mesenchyme
extravillous trophoblast
mononuclear cytotrophoblast cell
syncytiotrophoblast cell
mesenchymal stem cell of Wharton's jelly
mesenchyme of umbilical cord
epithelial cell of amnion
amniotic ectoderm
placental amniotic mesenchymal stromal cell
amniotic mesoderm
amnion
umbilical cord
placenta
chorion membrane
fetal membrane
chorionic mesenchymal villus
chorionic terminal villus
chorionic immature intermediate villus
chorionic mature intermediate villus
chorionic stem villus
chorionic villous tree
chorionic plate
placental disc
Homo sapiens
pericyte
umbilical vein
umbilical artery
vascular associated smooth muscle cell
chorionic stem villous blood vessel
placenta blood vessel
chorionic plate blood vessel
blood vessel endothelial cell
placental septum
interstitial extravillous trophoblast cell
placental basal plate
epithelial cell of endometrial gland
endometrial gland
endometrial microvascular endothelial cell
endometrial blood vessel
endovascular extravillous trophoblast cell
endothelial cell of lymphatic vessel
endometrial lymphatic vessel
endometrium
cytotoxic T cell
stromal cell of endometrium
decidual natural killer cell, human
uterine resident macrophage
B cell
regulatory T cell
endometrial stroma
