vein endothelial cell
splenic vein
ccf_located_in
myofibroblast cell
ccf_part_of
lymphatic vessel
spleen capsule
ccf_part_of
spleen trabecular vein
spleen trabecular artery
trabecula of spleen
hilum of spleen
part of
sympathetic nerve plexus
endothelial cell of artery
splenic artery
connected to
spleen
red pulp of spleen
has part
spleen venous sinus
splenic red pulp macrophage
pericyte
splenic pulp
rdfs:subClassOf
splenic central arteriole
penicillar arteriole
smooth muscle cell
endothelial cell of lymphatic vessel
splenic cord
CD8-positive, alpha-beta T cell
hematopoietic stem cell
platelet
dendritic cell, human
CD14-positive, CD16-low monocyte
class switched memory B cell
erythrocyte
natural killer cell
CD8-positive, alpha-beta memory T cell
reticular cell of splenic cord
plasma cell
stromal cell
naive B cell
plasmablast
follicular dendritic cell
Homo sapiens
memory B cell
splenic white pulp macrophage
spleen primary B follicle
splenic marginal zone macrophage
marginal zone of spleen
spleen perifollicular zone
monocyte-derived dendritic cell
CD141-positive myeloid dendritic cell
CD1c-positive myeloid dendritic cell
neutrophil
naive thymus-derived CD8-positive, alpha-beta T cell
CD4-positive, alpha-beta memory T cell
naive thymus-derived CD4-positive, alpha-beta T cell
regulatory T cell
gamma-delta T cell
CD8-positive, alpha-beta cytotoxic T cell
periarterial lymphatic sheath
effector CD8-positive, alpha-beta T cell
white pulp of spleen
transitional stage B cell
plasmacytoid dendritic cell, human
CD4-positive helper T cell
group 3 innate lymphoid cell, human
spleen secondary B follicle
spleen B cell corona
marginal zone B cell of spleen
follicular helper cell
T follicular regulatory cell
germinal center B cell
spleen germinal center
follicular dendritic cell
splenic tingible body macrophage
