Homo sapiens
aortic neuron T5
celiac ganglion VIP neuron
celiac ganglion SOM neuron
celiac ganglion SOM/CGRP neuron
celiac ganglion NPY neuron
celiac ganglion CCKB neuron
celiac ganglion SP neuron
inferior mesenteric ganglion T5 neuron
inferior mesenteric ganglion CCK neuron
superior mesenteric ganglion SP neuron
superior mesenteric ganglion NPY neuron
superior cervical ganglion CCK neuron
superior cervical ganglion SP neuron
superior cervical ganglion VIP neuron
superior cervical ganglion CGRP neuron
superior cervical ganglion T1 neuron
cervicothoracic ganglion T1/NPY
superior cervical ganglion TH neuron
cervicothoracic ganglion SP neuron
cervicothoracic ganglion SOM/CCK neuron
cervicothoracic ganglion T2 neuron
thoracic ganglion T5 neuron
cervicothoracic ganglion enkephalin neuron
thoracic ganglion T1/NPY neuron
thoracic ganglion enkephalin neuron
lumbar ganglion T1/NPY neuron
middle cervical ganglion T5 neuron
lumbar ganglion T5/T6 neuron
middle cervical ganglion CRH neuron
middle cervical ganglion T1/NPY neuron
lumbar ganglion T5 neuron
middle cervical ganglion VIP neuron
middle cervical ganglion NPY neuron
lumbar ganglion VIP neuron
lumbar ganglion NPY neuron
celiac ganglion
inferior mesenteric ganglion
superior mesenteric ganglion
cardiac ganglion
paravertebral ganglion
superior cervical ganglion
cervicothoracic ganglion
cervical ganglion
thoracic ganglion
middle cervical ganglion
lumbar ganglion
pelvic ganglion
pelvic ganglion SP/CCK/NT neuron
pelvic ganglion T5 neuron
pelvic ganglion SP/CCK/NT/VIP neuron
pelvic ganglion enk/SOM neuron
pelvic ganglion T1/GRP neuron
pelvic ganglion enk/SOM/NT/CCK neuron
vestibular SP neuron
lower sacral spinal ganglion CGRP/VIP neuron
otic ganglion VIP neuron
otic ganglion enk/SP neuron
ciliary ganglion TH neuron
ovarian plexus ganglion neuron
parasympathetic ganglion VIP neuron
parasympathetic ganglion NPY neuron
parasympathetic ganglion SP neuron
parasympathetic ganglion enk/SP neuron
parasympathetic ganglion ACh neuron
submandibular ganglion TH neuron
submandibular ganglion ACh neuron
submandibular ganglion TH/GABA neuron
parasympathetic ganglion
peripheral autonomic nervous neuron
ventricular ganglion
myenteric nerve plexus of small intestine
short ciliary nerve
mesencephalic ganglion
sympathetic ganglion
cranial ganglion
sensory ganglion
ganglion
neuron
glial cell
Schwann cell
low cell
parasympathetic ganglion
epibranchial ganglion
inferior glossopharyngeal IX ganglion
glossopharyngeal ganglion
vagus ganglion
submandibular ganglion
superior vagus X ganglion
sensory ganglion
third sacral dorsal root ganglion
fourth sacral dorsal root ganglion
first sacral dorsal root ganglion
second sacral dorsal root ganglion
sacral dorsal root ganglion
sixth cervical dorsal root ganglion
first cervical dorsal root ganglion
second cervical dorsal root ganglion
third cervical dorsal root ganglion
fourth cervical dorsal root ganglion
fifth cervical dorsal root ganglion
seventh cervical dorsal root ganglion
eighth cervical dorsal root ganglion
cervical dorsal root ganglion
first lumbar dorsal root ganglion
third lumbar dorsal root ganglion
fifth lumbar dorsal root ganglion
fourth lumbar dorsal root ganglion
lumbar dorsal root ganglion
tenth thoracic dorsal root ganglion
eleventh thoracic dorsal root ganglion
twelfth thoracic dorsal root ganglion
fourth thoracic spinal ganglion
first thoracic dorsal root ganglion
second thoracic dorsal root ganglion
third thoracic dorsal root ganglion
fifth thoracic dorsal root ganglion
sixth thoracic dorsal root ganglion
seventh thoracic dorsal root ganglion
eighth thoracic dorsal root ganglion
sixth thoracic dorsal root ganglion
thoracic dorsal root ganglion
long ciliary nerve
ventral root of spinal cord
spinal nerve root
nasociliary nerve
postganglionic sympathetic fiber
postganglionic parasympathetic fiber
nerve root
dorsal root ganglion
frontal nerve (Bragch ophthalmic)
preganglionic sympathetic fiber
postganglionic autonomic fiber
submucosa nerve plexus of colon
sympathetic nerve
pelvic branch median nerve
autonomic nerve
myenteric nerve of colon
femoral nerve
great saphenous nerve
axillary nerve
ulnar nerve
musculocutaneous nerve
radial nerve
median nerve
sciatic nerve
cervical nerve plexus
brachial nerve plexus
lumbar nerve plexus
sacral nerve plexus
spinal nerve plexus
coccygeal plexus
superior mesenteric plexus
inferior mesenteric nerve plexus
mesenteric plexus
aortic plexus
superior hypogastric nerve plexus
inferior hypogastric nerve plexus
internal carotid nerve plexus
ophthalmic plexus
nerve
nerve fiber
nerve cilliary
enteric plexus
peripheral nervous system
cranial nerve
abducens nerve
capsa nervosa
ventriloquoclinic nerve
trigeminal nerve
tympanical nerve
facial nerve
olfactory nerve
acoustomotor nerve
trochlear nerve
glossopharyngeal nerve
splanchnic nerve
lumbar splanchnic nerve
pelvic splanchnic nerve
thoracic splanchnic nerve
spinal nerve
lumbar nerve
sacral nerve
thoracic nerve
spinal nerve trank
nerve of cervical vertebra
phrenic nerve
recurrent laryngeal nerve
superior laryngeal nerve
mandibular nerve
maxillary nerve
ophthalmic nerve
vidian nerve
chorda tympani branch of facial nerve
tympanic nerve
carotid sinus nerve
least splanchnic nerve
greater splanchnic nerve
lesser splanchnic nerve
meningeal branch of spinal nerve
communicating branch of spinal nerve
ventral ramus of spinal nerve
dorsal ramus of spinal nerve
nasopalatine nerve
lingual nerve
lacrimal nerve
