

myofibroblast cell

CD141-positive myeloid dendritic cell

T follicular helper cell

CD1c-positive myeloid dendritic cell

mast cell

T cell

plasmacytoid dendritic cell, human

gamma-delta T cell

plasma cell

Homo sapiens

pericyte cell

T-helper 2 cell

T-helper 1 cell

memory B cell

dendritic cell

follicular dendritic cell

sympathetic neuron

B cell

trabecula of lymph node

sympathetic nerve

trabecular sinus of lymph node

plasmablast

natural killer cell

medullary arteriole of lymph node

naive thymus-derived CD4-positive, alpha-beta T cell

T-helper 17 cell

CD4-positive, alpha-beta memory T cell

lymph node germinal center mantle zone

lymph node tingible body macrophage

lymph node subcapsular sinus macrophage

efferent lymphatic vessel

afferent lymphatic vessel

lymphatic vessel smooth muscle cell

endothelial cell of lymphatic vessel

cytotoxic T cell

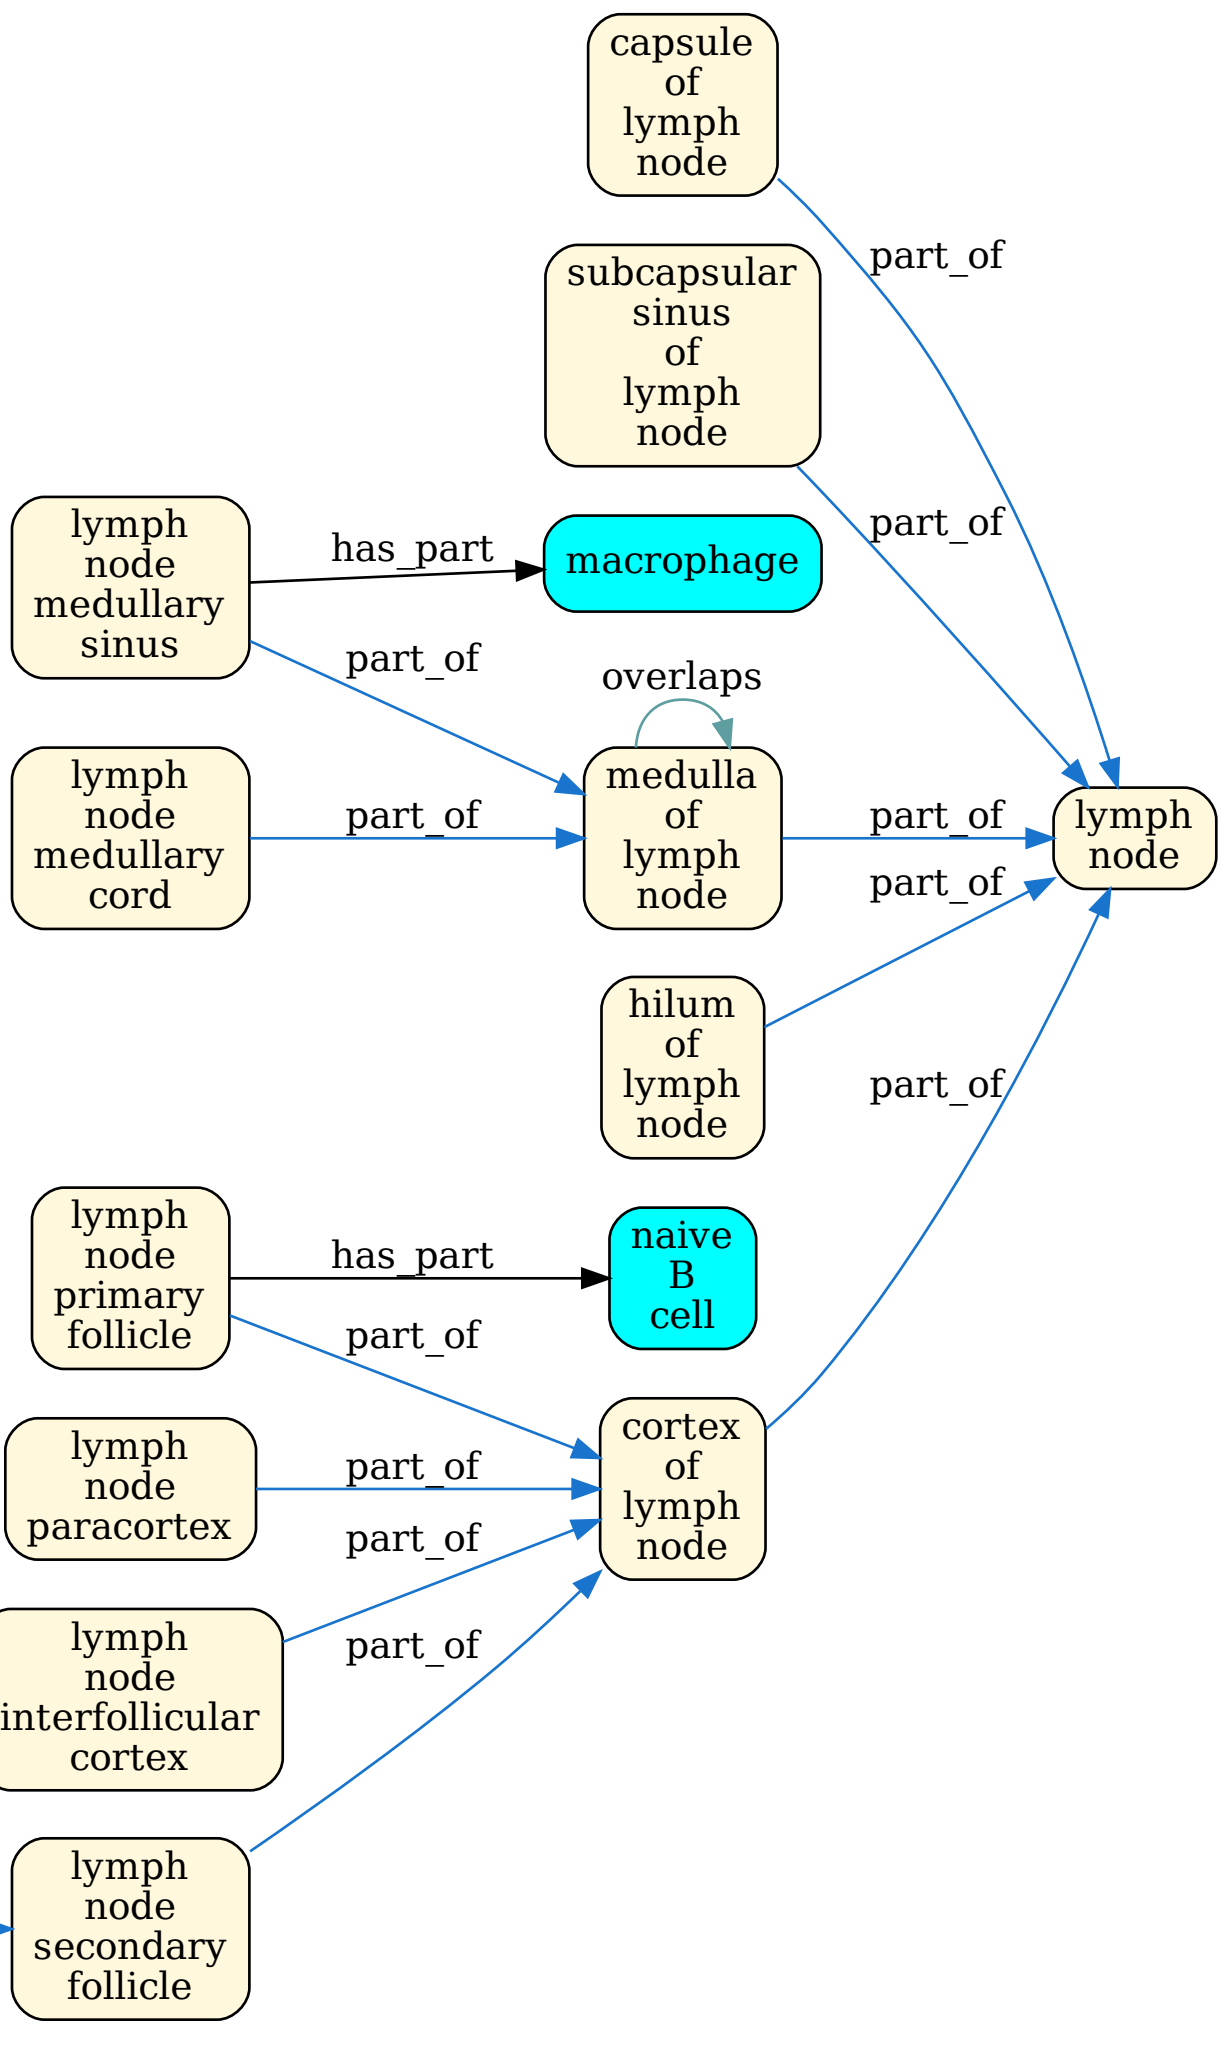

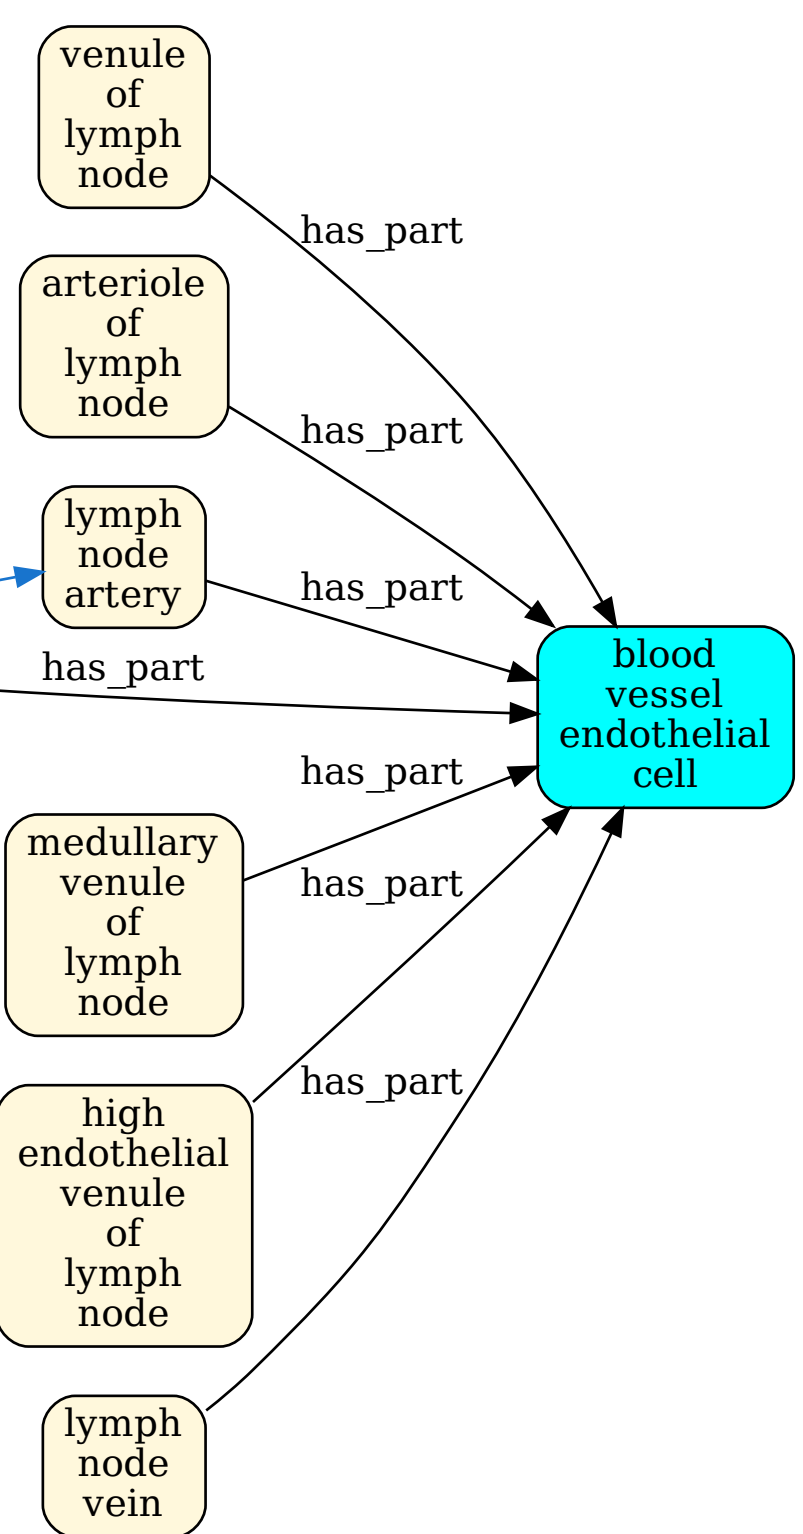

naive thymus-derived CD8-positive, alpha-beta T cell

CD8-positive, alpha-beta memory T cell

regulatory T cell

lymph node germinal center light zone

lymph node germinal center dark zone

lymphatic vessel

lymph node germinal center

lymph node secondary follicle
