Homo sapiens
endocardial cell
myocyte of anterior internodal tract
myocyte of middle internodal tract
myocyte of posterior internodal tract
capillary endothelial cell
pericyte
cardiac ventricle fibroblast
adipocyte
mast cell
B cell
innate lymphoid cell
endothelial cell of lymphatic vessel
natural killer cell
lymphocyte
dendritic cell, human
telocyte
Schwann cell
macrophage
fibroblast
smooth muscle cell of the coronary artery
anterior internodal tract
middle internodal tract
posterior internodal tract
internodal tract
coronary capillary
venule
atrioventricular node
sinoatrial node
nodal myocyte
cardiac pacemaker cell of sinoatrial node
bundle of His
left ventricle myocardium
right ventricle myocardium
Purkinje myocyte
cardiac muscle tissue of interventricular septum
cardiac muscle tissue of interatrial septum
cardiac muscle of left atrium
cardiac muscle of right atrium
cardiac atrium fibroblast
tricuspid valve
mitral valve
valve interstitial cell
pulmonary valve
aortic valve
coronary sinus valve
cardiac valve
heart vasculature
cardiac endothelial cell
heart left ventricle
left cardiac atrium
myocardium
right cardiac atrium
heart right ventricle
interventricular septum
heart
cardiac muscle cell
moderator band
blood vessel endothelial cell
epicardium
epicardial adipocyte
vascular associated smooth muscle cell
septal perforating artery
coronary sinus
atrioventricular region
mesothelial cell
middle cardiac vein
great vein of heart
conus artery
heart blood vessel
circumflex branch of left coronary artery
right coronary artery
endothelial cell of artery
small cardiac vein
left anterior descending artery
