Homo sapiens
endothelial cell of artery
ccf_located_in
respiratory system arterial endothelium
has part
bronchial artery
blood vessel smooth muscle cell
ccf_located_in
respiratory system arterial smooth muscle
has part
ccf_located_in
respiratory system venous smooth muscle
ccf_part_of
bronchial vein
vein endothelial cell of respiratory system
ccf_located_in
respiratory system venous endothelium
ccf_part_of
airway submucosal gland duct multiciliated cell
ccf_located_in
non-myelinating Schwann cell
ccf_located_in
myelinating glial cell
ccf_located_in
pulmonary nerve plexus
has part
neural cell
airway submucosal gland duct basal cell
ccf_located_in
bronchial submucosal gland ciliated duct
part of
airway submucosal gland collecting duct epithelial cell
ccf_located_in
submucosal gland collecting duct
ccf_part_of
ccf_part_of
myoepithelial cell of bronchus submucosal gland
part of
bronchus submucosal gland
ccf_located_in
submucosal gland acinus
ccf_part_of
ccf_located_in
serous cell of epithelium of bronchus
ccf_located_in
part of
ccf_part_of
mucus secreting cell of bronchus submucosal gland
deuterosomal cell
ccf_located_in
respiratory tract suprabasal cell
ccf_located_in
multiciliated epithelial cell of the bronchus
ccf_located_in
epithelium of main bronchus
part of
main bronchus
pulmonary ionocyte
ccf_located_in
ccf_located_in
basal cell of epithelium of bronchus
ccf_located_in
main bronchus connective tissue
part of
ccf_part_of
brush cell of epithelium of lobar bronchus
ccf_located_in
cartilage of bronchus
has part
tracheobronchial chondrocyte
part of
main bronchus smooth muscle
has part
bronchial smooth muscle cell
goblet cell of epithelium of lobar bronchus
ccf_located_in
neuroendocrine cell of epithelium of lobar bronchus
ccf_located_in
lung perichondrial fibroblast
