placental villus capillary endothelial cell
B cell
regulatory T cell
cytotoxic T cell
stromal cell of endometrium
uterine resident macrophage
decidual natural killer cell, human
endovascular extravillous trophoblast cell
endometrial microvascular endothelial cell
endothelial cell of lymphatic vessel
endometrial stroma
endometrial blood vessel
endometrial lymphatic vessel
endometrial gland
endometrium
glandular epithelial cell of endometrium
interstitial extravillous trophoblast cell
placental septum
placental basal plate
placental villus capillary endothelial cell
extravillous trophoblast
mononuclear cytotrophoblast cell
syncytiotrophoblast cell
chorionic terminal villous capillary
chorionic mature intermediate villus
chorionic terminal villus
chorionic stem villus
chorionic villous tree
chorionic mesenchymal villus
chorionic immature intermediate villus
chorionic villous mesenchyme
chorion membrane
chorionic plate
placental disc
fetal membrane
amniotic ectoderm
amnion
amniotic mesoderm
epithelial cell of amnion
placental amniotic mesenchymal stromal cell
mesenchymal stem cell of Wharton's jelly
mesenchyme of umbilical cord
umbilical cord
placenta
Homo sapiens
pericyte
umbilical vein
umbilical artery
vascular associated smooth muscle cell
chorionic plate blood vessel
placenta blood vessel
chorionic stem villous blood vessel
Hofbauer cell
fibroblast of villous mesenchyme
blood vessel endothelial cell
