apex of cervical spinal cord dorsal horn
substantia gelatinosa of cervical spinal cord dorsal horn
cervical spinal cord lateral horn
cervical spinal cord dorsal horn
cervical spinal cord white matter
cervical spinal cord ventral commissure
cervical spinal cord gray matter
cervical spinal cord gray commissure
cervical spinal cord ventral horn
cervical spinal cord
C1 segment of cervical spinal cord
C8 segment of cervical spinal cord
C3 segment of cervical spinal cord
C2 segment of cervical spinal cord
C4 segment of cervical spinal cord
C5 segment of cervical spinal cord
C6 segment of cervical spinal cord
C7 segment of cervical spinal cord
cervical spinal cord dorsal column
cervical spinal cord lateral column
cervical spinal cord ventral column
cervical subsegment of spinal cord
L3 segment of lumbar spinal cord
L2 segment of lumbar spinal cord
L4 segment of lumbar spinal cord
L5 segment of lumbar spinal cord
L1 segment of lumbar spinal cord
lumbar spinal cord lateral column
lumbar subsegment of spinal cord
lumbar spinal cord
Homo sapiens
apex of lumbar spinal cord dorsal horn
substantia gelatinosa of lumbar spinal cord dorsal horn
ependymal cell
lumbar division of spinal cord central canal
astrocyte
microglial cell
endothelial cell
oligodendrocyte
oligodendrocyte precursor cell
lumbar spinal cord dorsal horn
lumbar spinal cord ventral horn
lumbar spinal cord white matter
lumbar spinal cord ventral commissure
lumbar spinal cord gray commissure
lumbar spinal cord lateral horn
neuron
motor neuron
lumbar spinal cord gray matter
T7 segment of thoracic spinal cord
T8 segment of thoracic spinal cord
T1 segment of thoracic spinal cord
T2 segment of thoracic spinal cord
T3 segment of thoracic spinal cord
T9 segment of thoracic spinal cord
T10 segment of thoracic spinal cord
T11 segment of thoracic spinal cord
T12 segment of thoracic spinal cord
T4 segment of thoracic spinal cord
T5 segment of thoracic spinal cord
T6 segment of thoracic spinal cord
thoracic spinal cord dorsal column
thoracic spinal cord lateral column
thoracic spinal cord ventral column
thoracic subsegment of spinal cord
thoracic spinal cord
substantia gelatinosa of thoracic spinal cord dorsal horn
apex of thoracic spinal cord dorsal horn
thoracic spinal cord ventral commissure
thoracic spinal cord dorsal horn
thoracic spinal cord lateral horn
thoracic spinal cord ventral horn
thoracic spinal cord gray commissure
thoracic division of spinal cord central canal
thoracic spinal cord gray matter
thoracic spinal cord white matter
S2 segment of sacral spinal cord
S3 segment of sacral spinal cord
S4 segment of sacral spinal cord
S5 segment of sacral spinal cord
S1 segment of sacral spinal cord
sacral spinal cord dorsal column
sacral spinal cord lateral column
sacral spinal cord ventral column
sacral subsegment of spinal cord
sacral division of spinal cord central canal
sacral spinal cord
sacral spinal cord ventral commissure
sacral spinal cord white matter
sacral spinal cord lateral horn
sacral spinal cord ventral horn
sacral spinal cord gray matter
sacral spinal cord gray commissure
sacral spinal cord dorsal horn
spinal cord
