Homo sapiens
lymphatic vessel endothelium
has part
endothelial cell of lymphatic vessel
glomerular mesangial cell
part of
glomerular mesangium
part of
mesangium
part of
T cell
ccf_located_in
mast cell
B cell
monocyte
natural killer cell
neutrophil
plasma cell
mature NK T cell
regulatory T cell
non-classical monocyte
cytotoxic T cell
dendritic cell, human
plasmacytoid dendritic cell, human
kidney interstitial myofibroblast
kidney interstitial fibroblast
kidney interstitial alternatively activated macrophage
renal medullary fibroblast
renal interstitial pericyte
kidney interstitium
has part
leukocyte
conventional dendritic cell
mononuclear phagocyte
part of
kidney loop of Henle long descending thin limb inner medulla epithelial cell
kidney loop of Henle long descending thin limb inner medulla
papillary tips cell
tip of renal papilla
renal papilla
kidney loop of Henle long descending thin limb outer medulla epithelial cell
kidney loop of Henle long descending thin limb outer medulla
kidney loop of Henle thin descending limb epithelial cell
descending thin limb
kidney inner medulla collecting duct principal cell
short descending thin limb
kidney loop of Henle short descending thin limb epithelial cell
kidney loop of Henle thick ascending limb epithelial cell
descending limb of loop of Henle
kidney loop of Henle medullary thick ascending limb epithelial cell
kidney loop of Henle cortical thick ascending limb epithelial cell
thick ascending limb of loop of Henle
inner medulla of kidney
kidney outer medulla inner stripe
kidney outer medulla outer stripe
renal medulla
kidney connecting tubule alpha-intercalated cell
kidney connecting tubule beta-intercalated cell
kidney connecting tubule epithelial cell
kidney connecting tubule principal cell
kidney connecting tubule intercalated cell
renal connecting tubule
nephron tubule
kidney loop of Henle thin ascending limb epithelial cell
loop of Henle ascending limb thin segment
epithelial cell of proximal tubule segment 1
epithelial cell of proximal tubule segment 3
epithelial cell of proximal tubule segment 2
epithelial cell of proximal tubule
proximal convoluted tubule segment 1
proximal straight tubule
proximal convoluted tubule segment 2
proximal tubule
kidney pyramid
nephron
kidney distal convoluted tubule epithelial cell
epithelial cell of early distal convoluted tubule
epithelial cell of late distal convoluted tubule
distal convoluted tubule
descending vasa recta
endothelial cell
ascending vasa recta
vasa recta
renal corpuscle
vasa recta descending limb cell
vasa recta ascending limb cell
endothelium
inner medullary collecting duct
macula densa cell
macula densa
glomerular capillary endothelial cell
glomerular capillary endothelium
renal glomerular vasculature
renal glomerulus
juxtaglomerular arteriole
kidney vasculature
kidney
renal afferent arteriole
kidney afferent arteriole endothelial cell
kidney blood vessel
renal efferent arteriole
kidney efferent arteriole endothelial cell
juxtaglomerular apparatus
kidney granular cell
peritubular capillary
peritubular capillary endothelial cell
endothelium of peritubular capillary
kidney capillary
blood vessel smooth muscle cell
podocyte
parietal epithelial cell
glomerular visceral epithelium
glomerular parietal epithelium
glomerular epithelium
juxtamedullary cortex
outer cortex of kidney
renal column
cortex of kidney
kidney cortex collecting duct intercalated cell
kidney cortex collecting duct principal cell
cortical collecting duct
kidney collecting duct intercalated cell
kidney collecting duct alpha-intercalated cell
kidney collecting duct epithelial cell
kidney collecting duct principal cell
medullary ray
collecting duct of renal tubule
renal beta-intercalated cell
stromal cell
renal collecting system
kidney capsule
kidney outer medulla collecting duct intercalated cell
kidney outer medulla collecting duct principal cell
outer medullary collecting duct
kidney collecting duct principal cell
